

SCOOP 1964

This is a view of the school seen many times by those who come to rehearse for the various plays or to practice athletics.

FOREWORD

Throughout our high school years, let us "look toward the future" and plan for it. These years provide us with many wonderful memories which we will treasure always. With this thought in mind, we, of the 1964 SCOOP staff, would like to provide a lasting chronicle of memorable experiences and cherished friendships which will be valued in years to come.

Jay Bee, our mascot, has been quite a familiar figure to everyone at Jackson. He has actively participated in all our athletic and band affairs.

Preston Lawrence Memorial Library

A welcome addition to the school this year was the Preston Lawrence Memorial Library. It contains eight other rooms besides the main library—a faculty room, two conference rooms, the Alcove, an audio visual aid room, a work room, a room for the back issues of magazines, and an office for the librarian, Miss Fries.

The new library has a seating capacity of one hundred and twenty—three times that of the old library. We presently have three thousand seven hundred books and are trying to raise the number of volumes to its capacity of ten thousand.

Homecoming Queen and Attendants

FRONT: Kathie Douglas, Queen; Barb Zinslen, Senior Attendant; BACK: Anita Chevaux, Freshman Attendant; Nancy Stockburger, Sophomore Attendant; Joy Rummins, Junior Attendant.

Our Pep Club composes a large part of the cheering section. This club has been a great help in promoting school spirit at the games and rallies.

Our band, led by Head Majorette Linda Roberts and alternate Drum Major John Wheeler, practicing a routine for a halftime show.

Since all our games are played under the lights, we are happy to get this view in photography.

Our brightly lighted lobby is a welcome place for many a high school student during our evening events. It looks quite different from this at intermission time.

ADMINISTRATION

MR. G. L. RADER
EXECUTIVE HEAD

I would challenge you as students, if you are to play an important role in today's world society, to reach out a little further for quality. As individuals you may have to adopt some new practices, initiate a new program, take a new approach, experiment with something that promises to heighten the quality of your contribution to your school.

Quality is characterized by motion. If your school is qualitative, it is probably doing things—trying some new ways, blazing some new trails, forging ahead on one or more fronts. Your school may be up and doing without being qualitative, but it can't be qualitative unless it is up and doing.

Let's keep our doors open to creative suggestions from students, faculty, and community. The coming years, as in years past, will see the creation of innumerable new ideas—including a few brilliant ones and many good ones. Make a point of trying one or two. Be on the lookout for them. Some may come from your next door neighbor and some may come from your own imagination.

Sincerely,
Mr. G. L. Rader

Mrs. Leila Henry, high school secretary, Mrs. Doris Gerber, secretary to Mr. Rader, and Mrs. Bea Taylor carry out the clerical duties of the main office.

BOARD OF EDUCATION, SEATED: Mr. Dale Forgan, President; Mr. Marion DeWalt, Vice President; Mr. G. L. Rader, Superintendent. STANDING: Mr. Paul Drury, Mr. Wilford Day, Mr. Paul Gerber.

BOARD OF EDUCATION

Members of the Board of Education are elected by the voters of Jackson Township and are vitally important to our school system. They see that the expenditures of the school are managed in the best interest of all. Through their efforts we have seen the addition of a new library and the erection of a new elementary school. They are continuously striving to better our educational system.

Mrs. June Lorenz, Secretary, Mr. William Essig, Clerk-Treasurer. They manage the school finances from day-to-day.

MR. PRESTON LAWRENCE
HIGH SCHOOL PRINCIPAL

Mr. Lawrence is now completing his twenty-eighth year as principal. His many duties include curriculum improvements, major discipline problems, and observing classes. He has efficiently carried out his responsibilities to achieve a smoothly operating high school and is a great asset to the faculty and students at Jackson.

MR. ANDREW STEVE
ASSISTANT HIGH SCHOOL PRINCIPAL

Writing transcripts to colleges, observing classes, and getting substitute teachers are just a few of Mr. Steve's responsibilities. He also works with Mr. Dutka on attendance and tries to improve teacher working conditions. By assisting Mr. Lawrence, he will gain experience that will enable him to assume the duties of principal.

CAFETERIA HELP

Because of an ever-improving menu, there has been a steady increase in the number of students buying lunches at Jackson. These women spend their mornings and a greater part of the afternoon preparing and serving hot, nutritious meals.

CUSTODIANS

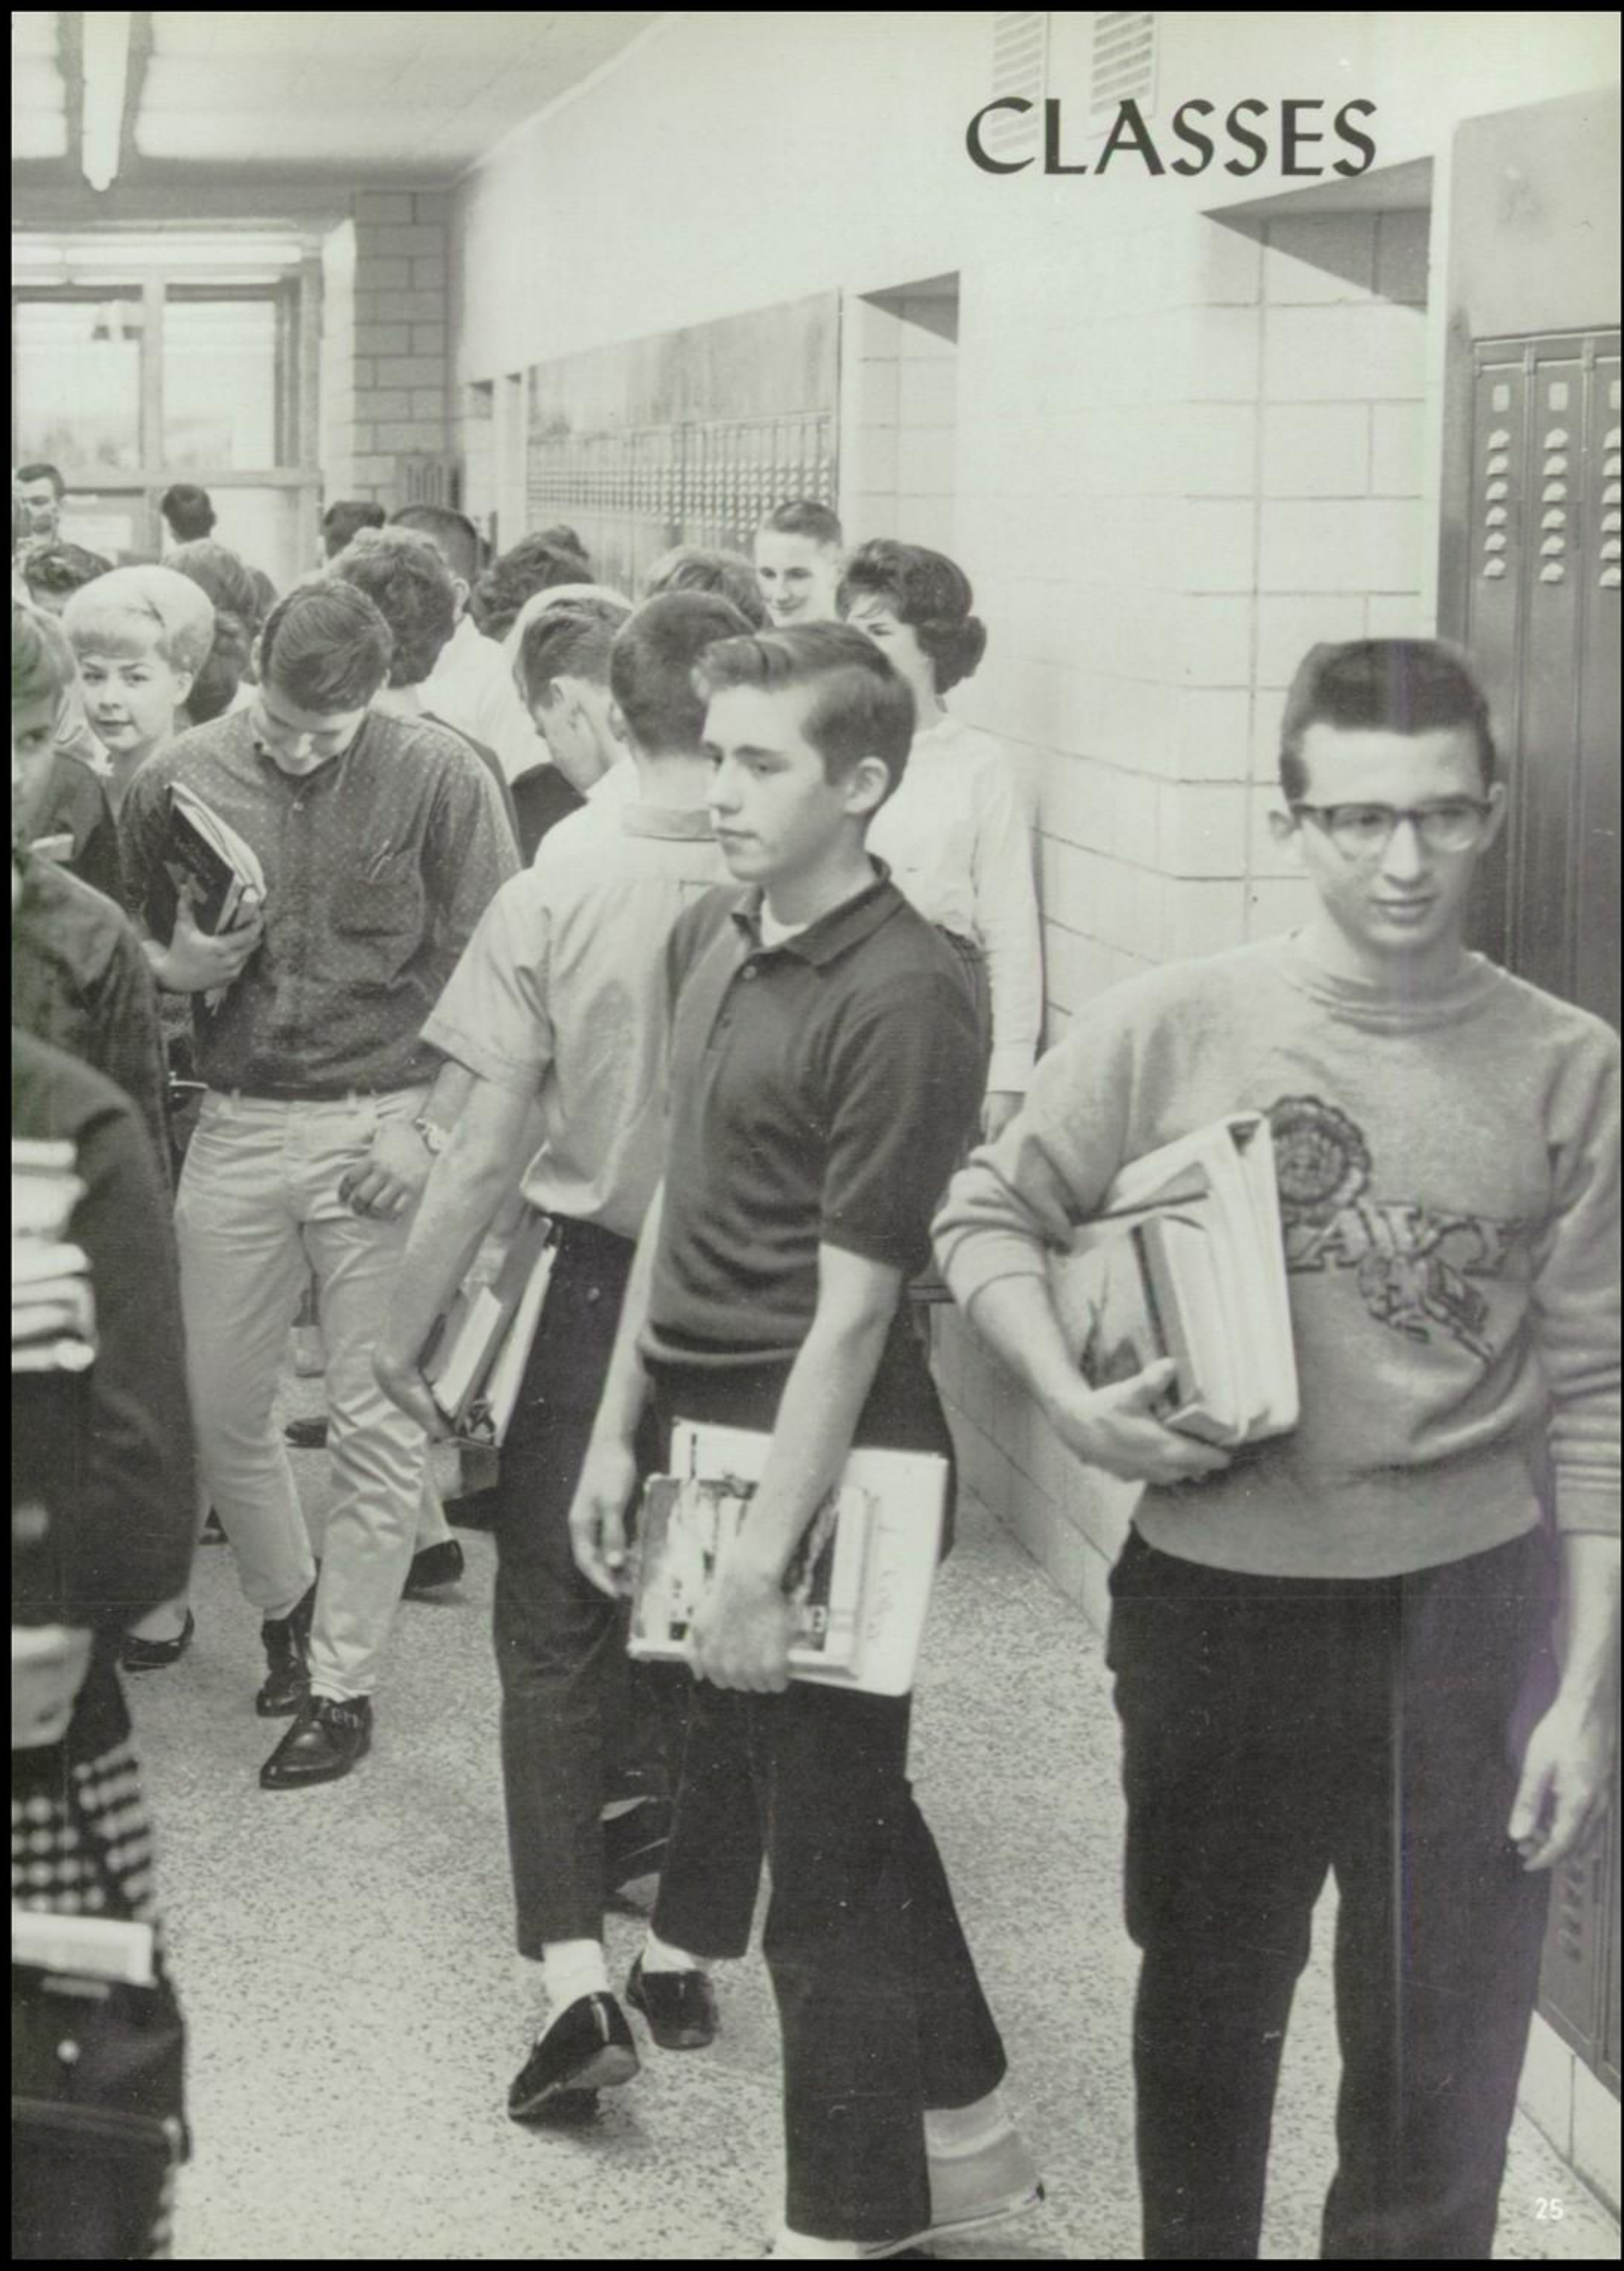

The well-kept grounds and neat classrooms may be attributed to the constant efforts of these men. Their work has resulted in a well-maintained school of which we can feel proud.

Ralph Gross, Alfred Himer, Henry Combs, Wilber Huthmacher, Charles Warner, Elmer Guisinger, Joe Lutz, Glen Yant.

THE CLASS OF 1964

Oh, frip! . . . Who do those Juniors think they are? . . . Mr. Ayers, let's have it quiet. . . . Why don't you pack a lunch? Hey, group . . . You look like a purple knif! . . . That's strange.

The halls of Jackson will lose the ring of these familiar phrases May 25, 1964. The class of '64 has gone through tedious Latin classes, tiring social studies classes, and indescribable chemistry and physics classes to reach this, their final goal.

Our first three years in high school were spent working diligently for money to finance our Junior-Senior Prom, "Paris au Printemps." We sold sweatshirts, held car washes, sold football programs, cleaned the football field, sold name tags, and operated the coat-check at basketball games. The proceeds from these activities made our Prom exciting and enjoyable.

This year was filled with momentous occasions. Two queens were chosen from our class, Kathie Douglas and Carole Kroeger, scholarships were awarded to Julie Bethel and Sue Wright, Duane Hoverkamp was named a candidate to the Air Force Academy, and 32 Senior members were retained in the National Honor Society.

These activities and achievements clearly show that the Class of 1964 is one of the most outstanding classes Jackson has had.

Our deep appreciation to
our class advisors, Mrs.
Pfouts, Mrs. Baxter, Mr.
Karrenbaur, and Mrs.
Rohrbaugh.

CANDID SHOTS OF

Duane Hoverkamp seems to be saying, "Come on. Just give me one answer to this trig test!"

"But, Mrs. Howard 'nutsypoo' really isn't a curse word!"

"Someone get the doughnuts. The coffee will be done in about ten minutes."

"If you can keep your head when all about you are losing theirs . . ."

BUSY SENIORS

The seniors certainly have collected many souvenirs over the years!

"I'll take seven copies of *Hot Rod* to go."

"I think we should have added back there when we multiplied!"

"Don't worry. If those filmstrips aren't in this drawer, they're bound to be in the next."

Once a day, every day—try and make the "Scoop" pay!

Besides being a counterpart in the installation of an apple machine, this club has initiated projects to erect a victory bell and to build tennis courts on the school grounds. In the future, the name of Jackson will mean more to other schools in the area because of the Student Council Congress, which was held at Jackson on February 22.

The main purpose of the N.F.L. is to develop members into better speakers and enable them to make decisions by themselves.

FRENCH I

The study of modern languages has an increasing importance in education today. Our modern methods of transportation and communication bring the people of all nations closer together. This makes a knowledge of foreign languages a necessity.

Methods of language learning have changed in recent years. More emphasis is placed on speaking and understanding the language. This is accomplished through the use of records and tapes. The French students have had the use of a tape recorder for the first time this year. Their voices are recorded in speech and song for their listening. Prepared tapes will be purchased as finances permit. A language laboratory is the hope for the future.

Mr. Geib instructs some French students on the use of the tape recorder.

Because it is open to any freshman, sophomore, junior, or senior girl, the Y-teens is one of the largest and most active organizations at Jackson. Some of their service projects included collecting Christmas gifts for patients at Massillon State Hospital, and visiting the occupants of Rose Lane Nursing Home. The Y-teens have also started the project of bringing a foreign exchange student to Jackson.

Members of this organization try to live up to their purpose, which is "to build a fellowship of women and girls devoted to the task of realizing in our common life, those ideals of personal and social living to which we are committed by our faith as Christians."

LIBRARY

Under the excellent supervision of our new librarian, Miss Fries, forty-five students have become acquainted with library procedures to enable them to help their fellow students find books and reference materials. These librarians also help at the desk and make various displays.

Jackson's library club is a member of the Northeastern Ohio Student Librarian Association and attended its annual convention at Washington High School in October.

Other activities of the club included a Christmas party and Senior Week.

SCOOP

Lots of time and planning, hard work and thought have gone into making this year's Scoop. We, the Scoop staff, have produced a yearbook of which we are very proud and sincerely hope the entire student body is pleased with it.

Last June, three representatives from our staff attended the Ohio University Journalism Workshop at Athens, where they were instructed in the techniques of writing and production of a yearbook. Last year's Scoop was submitted for judging, and we are happy to say it received a very high rating. We also received a very good rating in the National Yearbook Critical Service of the National Scholastic Press Association.

ATHLETICS

VARSITY FOOTBALL

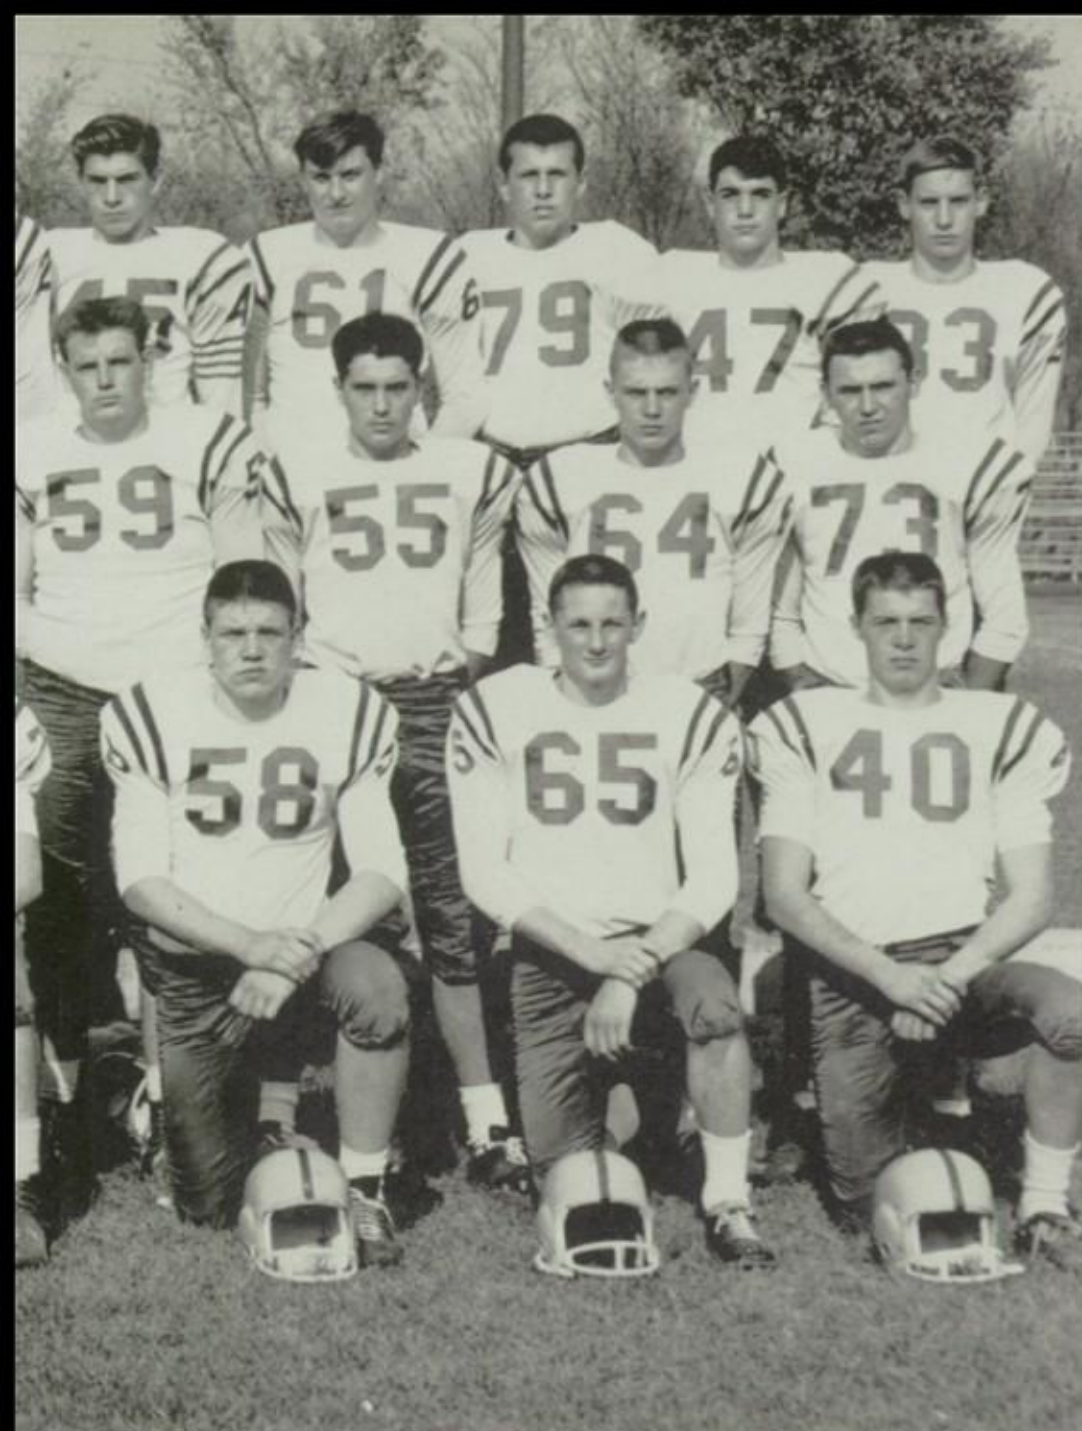

OPPOSITE LEFT:

Ray Reese,
Head Coach.

Leo Durocher once said, "Nice guys don't win ball games," and this was true of the 1963 football team. Although the season was a losing one for Jackson, the team's good sportsmanship and determination to win brought admiration from both opponents and fans. Clearly evident to all who attended the games was the tremendous effort put forth by the team. One thing is certain: if "hustle" and desire could win ball games, the '63 team would have reversed their record!

HIGH SCHOOL: A 70-dollar-a-day job

If you have a friend who is thinking of dropping out of high school, ask him this question: "Would you continue if you were paid \$70 a day until graduation?"

Statistics show that the average high school graduate earns \$50,000 more during his life than the average eighth grade graduate. It breaks down to this: Four years of high school equals 720 days. Each day spent earning a diploma is worth \$70. And that doesn't include additional income from summer employment.

What's more, jobs traditionally open to non-graduates are rapidly disappearing. The unemployment rate among non-graduates is 2½ times that of the average high school graduate.

The tragedy of it all is pointed out by the United States Chamber of Commerce. It reports that the number of openings for skilled jobs in the U. S. almost equals the number of unskilled, unemployed persons.

This nation's industry and business need trained people by the thousands. What's wrong with getting that training in high school at a rate of \$70 a day (in future income)?
